

# How do you make an insurance broker laugh?

Make a claim without a valid  
**Fire Risk Assessment Certificate!**  
In the event of a fire you may find you're not covered.

**FIRE SAFETY  
SOLUTIONS**  
NORTHERN IRELAND

A Fire Risk Assessment is vital to ensure you are fully covered by your commercial insurance policy. It's a bit like an MOT on a car – without it, your chances of getting a claim from your insurance company following a fire is minimal. We can help you to get your "Fire MOT" for your business ensuring legal compliance, safety within your premises and insurance cover from fire. Contact us for further details or to arrange a Free Site Visit

## FREE SITE VISIT with Fire Safety Solutions

A fire safety professional will visit your premises and review your current fire safety situation. We will update you on the legislation applicable to your business, discuss the fire safety measures you have in place and supply a no obligation quote for any fire safety products or services you may require or wish to save money on.
